CUSTOM-01 / DRAFT - NOT FOR FABRICATION

R004 | millimeters | front shown | conceptual drawing scale 1:2 | actual fit unresolved

Profile: circle, diameter 230.0

Thickness: 3.175 (UNVALIDATED)

AP-01: one through clearance aperture

Width x height: 118.0 x 136.0

Four corner radii: 14.0

AP-01 center from C: X +1.201; Y -4.673

Separate fastener holes: NONE

Stud paths currently lie inside AP-01

Material / finish: NOT SELECTED

Thickness tolerance: NOT RELEASED

Hole / profile tolerances: NOT RELEASED

Flatness: NOT RELEASED

Edge treatment / burr limit: NOT RELEASED

Retention / load path: UNRESOLVED

Gasket-to-aperture conflict: UNRESOLVED

Nominal drawn values are not proven accuracy.

Use the separate clean DXF for a future approved cut path. This drawing does not approve fabrication.

Retain original Kohler parts. No additional tile cutting, grinding or drilling. Verify template, thickness mockup and physical access.
